Gee I Wish I Had Know That *The*

Differences between the 1969 and 1970 Power Steering Pump

You cannot use a 1970 Power Steering Pump with 1969 Power Steering Brackets. The return line on the 1970 pump does not clear the 1969 rear bracket.

1969

On the left is the correct P/S pump for 1969.
On the right is the correct P/S Pump for 1970.

1970

On the left are the correct P/S brackets for 1969. On the right are the correct P/S brackets for 1970.

On the left are 1969 brackets on the pump (1970 Pump). On the right are 1970 brackets on the pump.

On the left is the mounting of P/S pump on engine 69. On the right is the mounting of P/S Pump on engine 70.
